DE LA FRANCOPHONIE**

LOCATION

The symposium will be held at University of Ngaoundere ENSAI/IUT. The University of Ngaoundere located in Ngaoundere Cameroon, at 15 Km of the town center. The city of Ngaoundere is known as one of the best livestock towns in Cameroon, it is also one of the major ranch and fall of water serving the area around. It is a very popular destination for tourists, which makes it one of the most visited cities in Cameroon.

OBJECTIVE

GCC-ISCESSD - 2012 is devoted to all aspects of Combustion and Energetic Systems. Researchers from all over the world will gather in order to introduce their recent advances in the field and thereby promote the exchange of new ideas, results and techniques. The symposium is a key event in Combustion and Energetic Systems and supports the advancement of science in this very important field.

PRESENTATION and PUBLICATION

There will be oral and poster presentations of contributed papers in each session. All contributed papers will be evaluated and accepted for presentation based on the extended abstracts (2 pages). French will be also accepted.

A selection of papers presented at the meeting will be published in the act of the symposium after meeting.

TOPICS OF INTEREST

The major research topics relevant to the symposium are as follows:

- **Combustion**
- **Renewable Energy**
- **Energetic Systems**
